VONG SOTHEA

PROFESSIONAL EXPERIENCE

Phnom Penh, Cambodia

March 2026- August 2026

Image Editor | Wirestock

Creative photo editor specializing in digital image manipulation, photo restoration, compositing, and visual enhancement. Experienced in restoring damaged or low quality photographs while preserving natural details and the original appearance of the subject. Skilled in clothing and garment replacement as well as object and element swapping. Also experienced in background replacement and creating seamless composites that maintain realistic lighting, shadows colors perspective and proportions.

Phnom Penh, Cambodia

June 2025- Feb 2026

Visual Art | Wirestock

Created detailed digital artwork by creatively manipulating real stock images and visual elements using Adobe Photoshop. Combined composition, lighting, color blending, retouching, and photo manipulation techniques to craft unique artistic visuals in a process similar to traditional art creation, while using real photographic assets as the foundation. Produced high-quality creative content for stock platforms while maintaining originality, strong visual storytelling, and attention to detail.

Phnom Penh, Cambodia

March 2024- April 2024

Graphic Designer | Green Ocean

- Collaborated with the marketing team to create visually appealing graphics for digital.
- Designed over 30+ promotional materials, improving social media engagement by 20%.
- Assisted in brainstorming and developing creative concepts aligned with the company's branding.
- Edited and enhanced images and illustrations using graphic design software such as Adobe Photoshop, Illustrator, and Canva.
- Maintained consistent visual style and branding across all design projects.

ADDITIONAL EXPERIENCE

Western university, Toul Kork Campus

2022 - 2026

School Projects

Application Development:

- Designed and implemented console-based applications using C#, focusing on practical functionalities.
- Created a roulette game that incorporated randomization logic, array usage, and user interactivity.
- Developed a calculator application with advanced features, including a memory function and history algorithm to store and retrieve previous calculations dynamically.
